

"The Bryant Boys and Girls Club *compliments* the work of the Bryant Public Schools. Our staff strives every day to focus on *academic achievement and social-emotional skills* for all students. The Club helps make a **positive impact** on students when school is not in session by offering educational and recreational activities year round to produce well-rounded, life-long learners. We *all want the youth in our community to be successful, productive citizens*. The partnership forged by Bryant Public Schools and Bryant Boys and Girls Club is **evidence** of this reality. Families have been *forever changed* by the support their children receive at the Bryant Boys and Girls Club."

**DR. KAREN WALTERS -  
SUPERINTENDENT,  
BRYANT PUBLIC SCHOOLS**
